Wednesday  
Harbgeel  
I went this afternoon  
to see about the boarding place

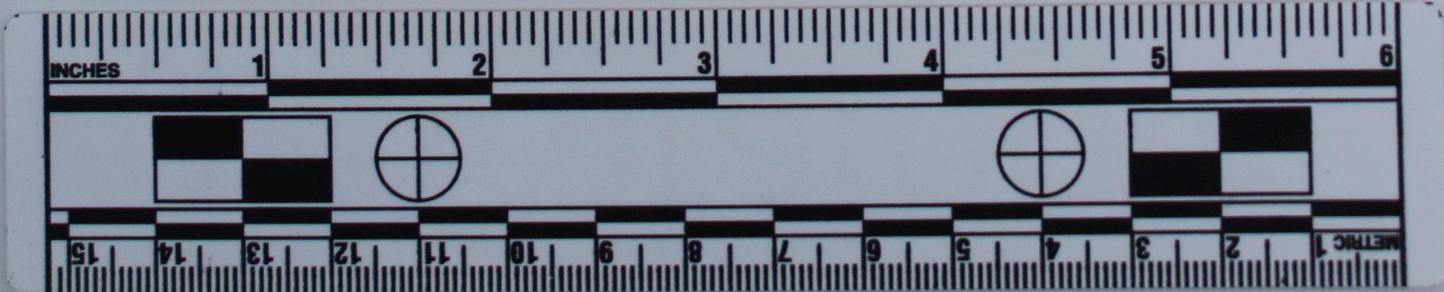

In Sun & which I wrote of - I think  
it will be just the place for  
you as far as I could tell. It  
is on the right side of Coulter  
going back from the Main, just  
opposite St Lukes Grave yard.  
As it is nice & open. It is one  
of a high row of houses. Mrs.  
Henry will remember - I saw  
Mrs Cannon, at present there  
is no one boarding here, & her  
daughter is out with a case.

You can share Miss Cameron's room,  
the 2nd story front for \$4.50 a  
week, or have a room by yourself  
on 3rd floor for \$5.00 a week, &  
\$1.00 a week when you are out.  
She seemed a real nice sort of  
a woman, with a good face - Her  
husband is living, and she has  
only two daughters - one the blonde,  
and a younger one - She said  
they had good plain meals, &  
when I spoke of cleanliness she  
said "Oh Yes all the meals  
want things clean" - The  
place is registered as a home  
for nurses and last week

There were four doctors there  
looking for a house - so you  
see this would be a great  
advantage to you. I could  
but ask after the rooms as  
she has house cleaning. But  
the parlor looked neat and  
plain - There is a  
lady who wants two of her  
rooms for a house or so, &  
is about deciding. So you will  
have found word as soon  
as you can if you care to  
go there and when it will  
be - I have told you all

I know, and I was very much  
pleased with the workmen & the  
general look of things, and with  
the idea of you being right in  
a host of kneecaps - think

it over and let me know - I

suppose it won't be for a couple  
of weeks yet, but Mrs. Cannon  
ought to know as soon as possible,  
both or one of the other party, &  
if you take the room by yourself  
she will have a few things to get.

They have only been in the house  
since Feb. I think - I told her I  
would let her know definitely as  
soon as I heard from you - It is  
certainly a low board for a good  
home! Much love to Foster -
